Affordability + efficiency + mobility = yes

A fast processing A4 colour printer, the SP C340DN model more than meets the demands of most small to medium sized offices. You'll appreciate the low start-up costs, as well as the ability to print much more quickly and efficiently – thanks to its high-speed processor. Workflow is maximised with innovations like WiFi Direct (optional) where you can print from smart devices without connecting to a network. And the range of paper capacity, handling options and fast network connection all add to its efficient productivity.

- Print from Ricoh mobile apps, AirPrint, WiFi Direct (optional)
- High-speed processor – much quicker on large print jobs
- Print eye catching colour banners of up to 1,260 mm in length
- High paper capacity and 25ppm print speed
- 1200 x 1200 dpi colour printing

Reduce start-up costs, increase efficiency

User friendly, business environment enhancing

With its front operation and four-line LCD panel, the SP C340DN is simple to operate and maintain, so you have an ideal workmate for almost any office or business environment. Unobtrusive and efficiently delivering high 1200 x 1200 dpi quality at low cost, this model can help virtually everyone be more productive with less effort.

More options to print

With a much greater range of paper handling options and sizes, you can now have a paper range from 64mm the manual feed tray, right up to long sheets of 1,260mm. All of which means you have more versatility and the ability to produce customer-facing letters, proposals, newsletters, brochures, presentations, envelopes and even banners.

More mobility, more connectivity

The SP C340DN enables quick printing by making the most of Ricoh app and modern mobile technology and it provides added capabilities with AirPrint and WiFi Direct (optional). Added to this is the extra connectivity available through the WiFi Direct, where you can readily transmit data without being connected to a network.

Work more efficiently

Well suited to versatile and mobile environments, the SP C340DN also sets the standard for efficient working. It provides an 1100 sheet paper capacity, which enable fewer interruptions to your printing schedule. Additionally there's also the high-speed processor - for printing large files faster - and a Gigabit Ethernet adapter for quicker connection.
